

**NOTICE: Surveying & Geotechnical Work performed in
Macedon, Wayne County**

Please be aware that the NYS Canal Corporation, through its consultants will be surveying and performing geotechnical investigations in the areas of Ganargua Creek, Pal-Mac Park, and the Canal Trail in the Town of Macedon, Wayne County beginning the week of February 26, 2024 through the end of March 2024. Consultants include Ravi Engineering & Land Surveying, Colliers Engineering and Design, Atlantic Testing Laboratories, and M&P.

You may notice crew members wearing hard hats and high-visibility vests, as well as construction vehicles, traditional surveying equipment, and drones in the vicinity. We will do our best to minimize any disruption to neighboring businesses and residents.

**PLEASE NOTE THAT THIS ROUTINE WORK IS NOT A PART
OF THE EARTHEN EMBANKMENT INTEGRITY PROGRAM.**

Please direct any questions to Joell Murney-Karsten from the NYS Canal Corporation's Government and Community Relations office at (315) 525-9790 or by email at Joell.MurneyKarsten@canals.ny.gov.
